GRIP CONVALESCENCE

There's nothing better than Scott's Emulsion after the grip. When the fever is gone the body is left weak and exhausted; the nervous system is completely run down and vitality is low.

Two things to do: give strength to the whole body and new force to the nerves. Scott's Emulsion will do it; contains just what the worn-out system needs.

Rich blood, healthy flesh, resistive force, more and better nourishment are what Scott's Emulsion supplies to the convalescent.

Scott's Emulsion is the original and has been the standard emulsion of cod liver oil for nearly thirty years. Why buy the new, untried, cheap emulsions or so called wines, cordials and extracts of cod liver oil, when you can buy what is sure to help you?

We'll send you a sample free upon request.

TOWN COUNCIL MEETING.

Mending Leaky Water Pipes Kept Street Superintendent Busy.

The city council met Monday evening and after canvassing the returns of the recent election, by which it was found that the bonds were carried by over two-thirds majority, passed a resolution in accordance with this finding.

But one bid was presented for oiling that portion of the county road that had been recently graded, that of H. C. Mosher for $550. The bid was accepted and the chairman authorized to enter into contract with Mr. Mosher, he to give a bond of $250.

Arnold Hess was employed to do some grading on the county road previous to and after the oil is applied, at a cost of $30.

Street Superintendent Dickey rendered a report of his work during the month, by which it was shown that the greater portion of his time had been spent mending leaks in the water mains.

Frank Stevens gave notice that he had sold his saloon at the Five Points to Jas. V. Hamilton.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Last Meeting.

Oil Pipe Line Opposed—Tax Levy Fixed—New Bridge For Second Township.

The Board of Supervisors met in regular session Monday. All members were present. A communication was read from the State Board of Equalization, explaining that the Board had fixed the State rate as follows:

General Fund 50 cents, 2 cents for support of the University, 1½ cents for support of regularly established high schools, making a total of 53.5. On motion of McEvoy seconded by McCracken the communication was accepted and filed.

A communication was read from the Superintendent of Schools estimating that it would require $32,100 for the support of the schools during the year.

On motion of McEvoy seconded by Eikerenkotter said communication was filed.

C. N. Kirkbride, representing the San Mateo high school, said that the sum of $5500 would be required to conduct the school during the fiscal year. It could get along with 9 cents on the $100, or 1 cent less than the Auditor's statement. Miss Tilton, Superintendent of Schools, explained that all the large schools of the county need more funds and as there was a deficiency of $4,000 the Board should take these facts into consideration in making the tax levy.

Auditor Barker presented the following estimate of the tax rate that will be required for the present fiscal year:

State fund	53.5
General fund	39
School fund	13.6
Salary fund	20
Indigent fund	05
Interest fund	01 2
Road fund	27.7
Road fund (special)	20
Total	1 80
San Mateo high school (building fund)	04
San Mateo high school (expense fund)	10
Sequoia high school (building fund)	06
Sequoia high school (expense fund)	12
South San Francisco fire district	30
Municipal tax (town of Redwood City), collected by Tax Collector	1 34
Las Lomitas school district (special)	21
Belmont school district (special)	28
Menlo Park school district (special)	13

The only changes made by the Board were as follows: County School Fund raised from 13 to 14 cents,

Indigent Fund reduced from 5 cents to 4.6 cents.

San Mateo high school Current Expense Fund reduced from 10 to 9 cents.

Further consideration of the tax levy was deferred until the afternoon session.

Henry Freise, an indigent person of Colma, petitioned the Board for assistance. He had no means of support and was unable owing to illness to gain a livelihood. Eikerenkotter explained that the applicant was worthy of assistance and upon his motion seconded by McEvoy he was allowed $8 per month from date of petition.

Eikerenkotter requested that Mrs. McDonnell be stricken from the indigent list from and after October 1. On his motion seconded by McEvoy that order was made by the Chairman.

Afternoon Session.

The Board met at 1:30 o'clock pursuant to adjournment during the morning session. All the members answered roll call.

F. Paxton Howard, one of the San Mateo school trustees, addressed the board on the pressing need for more money for the San Mateo school. He said the facilities were not only overtaxed, necessitating the remaining away of numbers of children, but that the school funds were practically exhausted. He said a proposition of erecting a schoolhouse at Burlingame was under consideration to relieve the situation.

The following resolution was presented by McEvoy and seconded by McCracken fixing the tax rate for the fiscal year of 1904:

Resolved, That by virtue of the authority vested in the Board of Supervisors by and under the provisions of section 3714, chapter V, article 2 of part 3 of the political code, as amended, it is hereby ordered that the rates of taxes levied by the Board of Supervisors of the county of San Mateo, state of California, for the fiscal year 1904 for state and county purposes upon each one hundred dollars of the assessed valuation of the property in the county of San Mateo, state of California, be and the same are hereby fixed and ordered collected as follows, viz.:

For state purposes	53 5
For general fund of county	39
For county school fund	14
For salary fund	20
For indigent fund	04 6
For interest fund	01 2
For district road fund	27 7
For special road fund	20

That the total rate be $1.80 on each one hundred dollars of the assessed valuation of the property in the county of San Mateo, state of California, outside of incorporated cities and towns, and $1.323 inside of incorporated cities and towns; also, that the following special taxes be and the same are hereby levied and ordered collected on the following-named school districts in said county on each one hundred dollars of the assessed valuation of property in each of said districts to pay the interest on bonds and for the redemption of bonds issued by the Board of Supervisors of said county for certain districts and for the purpose of raising building and other funds in certain districts as follows, viz.:

Belmont	23
Menlo Park	13
Las Lomitas (building fund)	21
San Mateo union high (building fund)	04
San Mateo union high (current expense)	09
Sequoia union high (building fund)	06
Sequoia union high (current expense)	12

And also that in the fire district of the village of South San Francisco, in the first township of said county, there be and the same is hereby levied and ordered collected a levy in the sum of 20 cents on each one hundred dollar of the assessed valuation of property in said district for the purpose of equipping and maintaining the fire department in said fire district.

On motion of McCracken seconded by Eikerenkotter, the firm of Clark & Henery was allowed 30 days further time to complete the Pescadero bridge.

The following resolution was offered by McCracken and seconded by Debenedetti transferring 25 cents of the tax levy to the Court House Repair Fund:

"Whereas, The Board of Supervisors of the County of San Mateo, State of California, at its regular meeting held this 19th day of September, 1904, fixed and established the tax rate for general fund purposes, at the sum of 39 cents upon each one hundred dollars taxable valuation of property, in order that 25 cents thereof could and should be used for the purpose of repairing and adding to the present Court House building, or to erect and construct a new Court House building and adding said amount to the fund heretofore created by said Board and known as and called 'The Court House Repair Fund.'

"And Whereas, It is is the intention and wish of this Board that said proportionate sum of 25 cents upon each one hundred dollars of taxable property valuation of property should be used only for the purpose intended, *i. e.*, to improve, repair, and add to the present Court House building, or to erect and construct a new Court House building.

"Now Therefore, be it hereby Resolved, That for the purpose of carrying into effect the purposes and intentions of this Board, it is ordered and directed that the said amount of 25 cents levied upon each one hundred dollars taxable valuation of property for Court House purposes aforesaid, be assigned and transferred from said general fund to 'The Court House Repair Fund' for the reasons and purposes aforesaid, and be it further

"Resolved, That when the moneys intended to be collected during the current fiscal year for general fund purposes shall have been collected by said county and its proper officers, and when such moneys shall be in condition to be apportioned by the Auditor of said county, among the funds thereof, as required by law, and in accordance with the resolution and vote of this Board, fixing, levying and establishing the tax levy and rate of taxation, that the County Auditor and County Treasurer transfer a portion of said total amount of money from said general fund to said 'Court House Repair Fund' a sum of money equal to 25 cents upon each one hundred dollars, taxable valuation of property collected for said general fund purposes as hereinbefore stated."

The application of the Coalinga Oil and Transportation Company for the privilege of laying pipe line along the county road, came up, and Charles Searle spoke in support of the project.

District Attorney Bullock said he believed the privilege would be a fine thing for the company as it imposes no restrictions whatever on them and grants the right to use the county road for almost every purpose under the sun. The county is not protected in the least, and were the road to be plowed up and made impassable for vehicles the county would have no recourse.

Duncan Hayne opposed the granting of the privilege vigorously, and said he could name owners of eight miles of frontage on the road who would join him in the protest. He suggested the procuring of a private right of way by the company, when there would be no objection on the part of any one.

McCracken moved that the petition be denied and the motion was seconded by Eikerenkotter and carried. McEvoy voting no.

Plans and specifications for a concrete arch bridge of San Mateo creek near the Parrott hill in the Second Township were received and on motion of Eikerenkotter seconded by McCracken. Same were accepted and the clerk authorized to advertise for bids. The estimate of the Surveyor is $4550. Bids will be opened October 17.

Chairman Coleman announced that this was the day fixed by law for the apportionment of railroad assessments for the year 1904, as fixed by the State Board of Equalization, and that such business would now be in order.

On Motion of McEvoy, seconded by Eikerenkotter, the following order was made apportioning the assessments of the Southern Pacific Railroad Company and the Pullman Palace Car Company as fixed by the State Board of Equalization:

In pursuance of Section 3665 of the Political Code of the State of California, as amended, it is by this Board ordered and declared:

SAILOR BOYS WILL DANCE.

Bohemian Club of Battleship Ohio Will be There.

There will be a grand ball at Independence hall, Woodside, this evening, given by the Bohemian Club of the battleship Ohio. It will be the event of the season and all are invited to dance with the sailor boys of the U. S. Navy. The music itself cannot be surpassed, as it is furnished by the famous Naval band of the battleship Ohio. The band is composed of first-class musicians and the orchestra from this band will furnish music for this occasion.

The sailor boys have not stopped with their efforts to make this dance a success but they are to have a regular "old-fashioned supper," to be served in the open air. The grove where this supper is to be served will be decorated with numerous flags and Japanese lanterns.

On Sunday there is to be a baseball game between the sailors and the baseball team of Woodside. Arrangements have been made so that plenty of music will be provided during this period and there will be several other features to make all have an enjoyable time.

The famous Quartet from the club will be there and will render several selections of up-to-date songs, both comic and otherwise. The feature of the day will be the closing event, in which all are invited to participate in a straw ride. Everybody is invited to come and a good time is promised to all. Admission, gentlemen, $1; ladies free. This includes supper and all other features.

Interesting Suit on Trial.

The suit of Robert McNally, by his guardian, James Crowe, against Judah Boas, a money lender of San Francisco, was partially heard in the Superior Court Thursday. Geo. C. Ross represented the plaintiff and L. Solomon and Edmond Tausky the defendant. The suit was brought to quiet title to plaintiff's one-half interest in a house and two lots at Menlo Park, a mortgage on which was given the money lender by McNally for $2000. It was shown that notes and mortgages given on various times were duly executed by plaintiff. The latter swore he received only $750 of the $2000 while Boas says he gave the $2000 to his broker, D. J. Halloran, for plaintiff. The exact amount young McNally received will probably be determined when the case is called to-day for further hearing. The interest he agreed to pay on the loan was two per cent a month.

It is a revolutionary play of the ideal type in which the characters, costumes, and conditions are of the Washingtonian era and the situations rise at times to the heights of the dramatic calling for an exceptionally strong cast, which those who have witnessed the past two attractions at this handsome theatre, will agree that Mr. Oliver Morosco's capable company is qualified to supply.

This will give ample room for a fine display of choice blooms and rare plants which the society is going to make. It is anticipated the show will be the best ever given in the county. James Cantillon, one of the oldest and most respected citizens of this community, passed to his final rest last Saturday at the home of his step-daughter, Mrs. Lawrence, in San Francisco. He was taken ill last July and despite all that medical aid or the kindness of friends could do, he slowly sank until the end came to relieve him of his sufferings. About four weeks ago he was removed to St. Mary's hospital and later to his step-daughter's home. Old age and infirmities and the wearing out of the vital organs caused death. Deceased was a native of Ireland, aged 88 years. He was a veteran of the Seminole war and had resided between here and Mayfield for the past forty years. He was a devout Christian, strong in his religious belief, and an ardent communicant of the Catholic Church. In 1880 he was appointed sexton of the Church of the Nativity and held that position for many years. The deceased was a landscape gardener of ability, having learned his trade in the Botanical Gardens of London. The remains of this pious old man were laid in their final rest in Holy Cross cemetery Monday, many from here attending the funeral. This week his will was filed for probate at Redwood City by Mrs. Lawrence, to whom is bequeathed the entire estate, consisting of $1750 in cash.

BILIOUSNESS AND CONSTIPATION CURED BY THEDFORD'S BLACK-DRAUGHT

Because the liver is neglected people suffer with constipation, biliousness, headaches and fevers. Colds attack the lungs and contagious diseases take hold of the system. It is safe to say that if the liver were always kept in proper working order, illness would be almost unknown.

Thedford's Black-Draught is so successful in curing such sickness because it is without a rival as a liver regulator. This great family medicine is not a strong and drastic drug, but a mild and healthful laxative that cures constipation and may be taken by a mere child without possible harm.

The healthful action on the liver cures biliousness. It has an invigorating effect on the kidneys. Because the liver and kidneys do not work regularly, the poisonous acids along with the waste from the bowels get back into the blood and virulent contagion results.

Timely treatment with Thedford's Black-Draught removes the dangers which lurk in constipation, liver and kidney troubles, and will positively forestall the inroads of Bright's disease, for which disease in advanced stages there is no cure. Ask your dealer for a 25c. package of Thedford's Black-Draught.

SAN FRANCISCO SEAWALL ACT.

CHAPTER CCXI.

An act to provide for the issuance and sale of State Bonds to create a fund for the construction by the Board of State Harbor Commissioners of a seawall and appurtenances in the City and County of San Francisco; to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

(Approved March 20, 1903.)

The people of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of a seawall and appurtenances in the City and County of San Francisco, at a cost not to exceed two million dollars (which said seawall and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare two thousand suitable bonds of the state of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard of value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date, the second day of January, A. D. nineteen hundred and five, and shall be made payable on the second day of January, nineteen hundred and twenty-four A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the said state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and six, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest, and, likewise, all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay, and cancel the same, out of the moneys in the San Francisco seawall sinking fund provided for in this act, and he shall, on the first Monday of January, nineteen hundred and twenty-four, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year 1914.

Sec. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

Sec. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants duly drawn for that purpose.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under the seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund, to be known and designated as the "San Francisco Seawall Fund" and must be used exclusively for the construction of seawalls and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

Sec. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Francisco Seawall Sinking Fund" shall be and the same is hereby created, as follows: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the state or California, or of the several counties or municipalities of the state of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage, to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the state of California. Between the first and the tenth day of November, in the year nineteen hundred and fourteen, and between the first and the tenth day of November of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same and the interest coupons thereon, and each year beginning with the year 1914 the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereabove stated. After the payment of all of said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D. nineteen hundred and four, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the state of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and four; and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the San Francisco Seawall Act," and in a separate line under the same the words "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act, then the same shall be and become void.
